Dear Sir,

Subject: Clarification on News item under Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015

We refer to your email dated July 25, 2018 with reference to recent news item on grounding of five aircraft of the Company.

In relation to your query, please note that as part of our normal maintenance schedule, a few A320 Neos have been taken out of service. We are currently waiting for spare engines from Pratt and Whitney, for which the release process has already been initiated by them. These aircraft are expected to be back in service in the second half of August, 2018.

We trust this clarifies your query.

Yours truly,

For InterGlobe Aviation Limited

Sanjay Gupta
Company Secretary and Chief Compliance Officer
