

## IndiGo makes history, operates highest number of flights a day

*Sets industry record by operating 900 flights for the first time*

**National, April 08, 2017:** IndiGo adds yet another feat to its swelling list of milestones by operating 900 flights yesterday (April 07 2017), the highest ever by an Indian airline in the history of Indian Civil Aviation. The milestone underlines IndiGo's position as the largest and fastest growing carrier with 131 Airbus aircraft connecting 44 destinations.

Commenting on this milestone, **Mr. Aditya Ghosh, President and Whole-Time Director, IndiGo** said, "*We at IndiGo are thrilled on having flown 900 daily flights for the first time yesterday. I understand it's some kind of a record for civil aviation in India. Now the team is excited to reach the 1000 flight milestone. Thank you to the hundreds of thousands of travellers who choose IndiGo every day!*"
